NOTE FOR THE FILE

September 9, 1971

JJS asked to see me about our proposals regarding the Liberty claim. He said he was inclined to see it like Ambassador Barbour. I said, but look at the record; they haven't answered their mail for three years and now they put this to us. He said, it is pretty blatant, isn't it? I agreed. He said, o.k. let it ride. I said we had to respond but it would be as was their question to us, informally. JJS said o.k.
